Important information

Banco Santander Chile cautions that this presentation contains forward looking statements within the meaning of the US Private Securities Litigation Reform Act of 1995. These forward looking statements are found in various places throughout this presentation and include, without limitation, statements concerning our future business development and economic performance. While these forward looking statements represent our judgment and future expectations concerning the development of our business, a number of risks, uncertainties and other important factors could cause actual developments and results to differ materially from our expectations. These factors include, but are not limited to: (1) general market, macro-economic, governmental and regulatory trends; (2) movements in local and international securities markets, currency exchange rates, and interest rates; (3) competitive pressures; (4) technological developments; and (5) changes in the financial position or credit worthiness of our customers, obligors and counterparties. The risk factors and other key factors that we have indicated in our past and future filings and reports, including those with the Securities and Exchange Commission of the United States of America, could adversely affect our business and financial performance.

Note: the information contained in this presentation is not audited and is presented in Chilean Bank GAAP which is similar to IFRS, but there are some differences. Please refer to our 2019 20-F filed with the SEC for an explanation of the differences between Chilean Bank GAAP and IFRS. Nevertheless, the consolidated accounts are prepared on the basis of generally accepted accounting principles. All figures presented are in nominal terms. Historical figures are not adjusted by inflation. Please note that this information is provided for comparative purposes only and that this restatement may undergo further changes during the year and, therefore, historical figures, including financial ratios, presented in this report may not be entirely comparable to future figures presented by the Bank.

Update on regulatory measures

Covid-19 fiscal fund of up to US\$12 billion

- Two objectives: enhance financial support to families, and provide fiscal stimulus for a fast economic recovery.
- Can be used within two years.
- Financed through debt issuance and financial assets of the Government

Aid to middle class program

- Cash transfer of Ch\$500 thousand (USD 600)
- Public soft loans with 0% real interest, and payment conditional on income.
- Household rent subsidy.
- State guarantee for mortgage postponements of up to 6 months [announced but not yet in Congress]. Many banks are already in their second wave of voluntary reprogramming

COVID-19 guarantee line: Risk weighting to be modified from 100% to 10%.

Update on regulatory measures

One-time early withdrawal of pension saving (tax free)

US\$ 55,000 < Savings	US\$ 5,500

Liquidity programs: FCIC¹ & LCL² lines: Extension of liquidity program (FCIC2) with a limit of USD 4 bn per bank conditional on loan growth.

Bank bond purchasing program: USD 8 bn for bank bonds and Central Bank bonds, with USD 1.9 bn outstanding.

Treasury bond purchasing: Constitutional reform to allow the Central Bank to buy and sell Treasury bonds in the secondary market [To be approved soon in Congress].

“Plan Paso a Paso Chile Se Recupera”

#1. US\$34bn investment, US\$24.54bn from the private sector

Under the plan the private sector would invest US\$24.52bn in 130 projects, with US\$8.62bn of this total in concessions for 31 assets.

#2. Salary coverage protection for 6 months

The State will create a new / temporary hiring subsidy to cover a percentage of workers' monthly income, valid for a 6-month period, paid directly to companies.

#3. SMEs offered: (1) expanded credit lines/D&A recovery; (2) easing of red-tape

The proposal includes cutting the first tax rate for SMEs from 25% to 10%, postponing VAT payments, the instant depreciation and amortization and support for access to working capital and/or funding via 5 state lifelines (Fogape-Covid, Fogain, PAR, Crece, and Reactivate). Facilitation is a key aim, with consolidation of data into a single portal handling of all SME projects under one office to untangle regulatory bottlenecks.

New branch model already successfully piloted

- In light of the success of the Workcafé branch model, we developed the Workcafé 2.0 which we began piloting in 2019.

- Its digital format fits perfectly for the post COVID-19 world
- No tellers
- No vaults
- More efficient and productive
- Significantly more advanced digital and AI capabilities.
- Implementation process accelerated

Conclusions

2Q20 results reflect our strong core banking franchise

- ✓ The Central Bank and CMF have launched a series of initiatives that will help to maintain liquidity and capital levels.
- ✓ Government measures will also help to mitigate financial impact on the population
- ✓ Strong deposit growth in the quarter. High liquidity levels.
- ✓ Loan growth centered on less risky assets
- ✓ Capital ratios are healthy, which will improve as FOGAPE guarantees will be risk weighted 10% (in line with BIS III)
- ✓ Coverage levels reach record high levels
- ✓ Strong growth of gross income in the quarter, reflecting our defensive business model and balance sheet
- ✓ Accelerating implementation of strategic initiatives. Client growth has remained high due to strength of digital channels. New branch model project underway
- ✓ Solid efficiency levels in the quarter
