

## Santander Chile: Committed to you. Committed to Chile

At Santander Chile we are standing together with our companies, collaborators and families from all over the country to overcome this crisis together, as we have done on so many other occasions.

9,966 FOGAPE loans have been granted and 1,799 already approved and being processed.  
Because companies and SMEs are fundamental for the development of Chile, we were the bank that acquired the largest number of FOGAPE funds to go to their aid. Here are some testimonials from real clients:

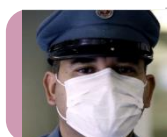

“ Thanks for the support.  
Today I received the COVID-19 Credit. I will continue to push for employment as usual, and if it were not for your support it would be very difficult ”

“ I want to thank you for the good management you did regarding the COVID-19 Credit. We do not expect it to be so fast and expeditious.”

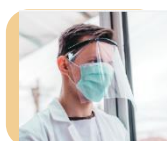

“ I want to thank you for giving us the opportunity to take the COVID-19 Credit quickly and easily, with which we can count on the resources to continue in these difficult times.”

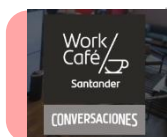

More than 100.000 Mortgage loans postponed to help thousands of families in need.  
A support for families in Chile who are going through difficult times due to the Coronavirus.

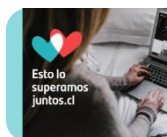

We ensure the employment of our 11,200 employees.  
Also, we have implemented strict security measures in offices and branches to protect them, in addition to remote work for the rest of the collaborators. In this way, they can continue to support our clients from their homes in everything they need.

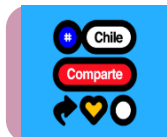

We joined the CPC Emergency Fund to fight Coronavirus.  
This fund has allowed direct assistance to health centers and institutions, delivering more than 1 million masks, almost 300 mechanical ventilators, 200 thousand reactors for PCR tests, in addition to delivering sanitation tunnels and more than 47 thousand hygiene kits for families living in camps.

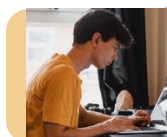

Work /Café conversations to support with advice and experiences during this pandemic.  
From Facebook Live and YouTube we have achieved more than 7,400 simultaneous connected users, more than 1.3 million people reached and around 10,500 total interactions.

Launch of "EstoLoSuperamosJuntos.cl" (*WeWillOvercomeThisTogether.cl*)  
Open platform that collects official information from the Government related to Covid-19, in addition to content such as courses, workshops, libraries with art books, state of services, aid campaigns and leisure alternatives for the quarantine period.

We are supporting 4,000 families through the donation of 4,424 solidarity food boxes.  
In addition to this first direct contribution made by the Bank to the #ChileComparte campaign with Techo Chile, we invite our clients and collaborators to also join in this cause to help the most vulnerable families in the country.

Launch of more than 30,000 Santander #YoMeQuedoEnCasa (*#IStayAtHome*) scholarships.  
20,000 online scholarships for students, graduates and teachers, to continue improving, and 10,000 connectivity scholarships to give internet access to university and institute students, so that they can maintain their classes during the pandemic.

We made available "The Future is Savings", with the UC Center for Public Policies.  
A new financial education platform for middle school students that seeks to facilitate the learning of concepts, economic processes and financial techniques in a simple and playful language, which students can access from the safety of their homes.
