Important information

Banco Santander Chile cautions that this presentation contains forward looking statements within the meaning of the US Private Securities Litigation Reform Act of 1995. These forward looking statements are found in various places throughout this presentation and include, without limitation, statements concerning our future business development and economic performance. While these forward looking statements represent our judgment and future expectations concerning the development of our business, a number of risks, uncertainties and other important factors could cause actual developments and results to differ materially from our expectations. These factors include, but are not limited to: (1) general market, macro-economic, governmental and regulatory trends; (2) movements in local and international securities markets, currency exchange rates, and interest rates; (3) competitive pressures; (4) technological developments; and (5) changes in the financial position or credit worthiness of our customers, obligors and counterparties. The risk factors and other key factors that we have indicated in our past and future filings and reports, including those with the Securities and Exchange Commission of the United States of America, could adversely affect our business and financial performance.

Note: the information contained in this presentation is not audited and is presented in Chilean Bank GAAP which is similar to IFRS, but there are some differences. Please refer to our 2022 20-F filed with the SEC for an explanation of the differences between Chilean Bank GAAP and IFRS. Nevertheless, the consolidated accounts are prepared on the basis of generally accepted accounting principles. All figures presented are in nominal terms. Historical figures are not adjusted by inflation. Please note that this information is provided for comparative purposes only and that this restatement may undergo further changes during the year and, therefore, historical figures, including financial ratios, presented in this report may not be entirely comparable to future figures presented by the Bank.

Chile First: Strategy 2023-2026

Our strategic pillars

A Digital Bank with Work/Cafés...

...based on state of the art technology and processes and collaborators centered on the customer.

Specialization and added value for companies...

...with a differential value-added service and offer for transactional products, FX and advisory.

Sustained generation of new business opportunities...

...encouraging competition, looking for growth and leading the market in sustainable finance.

An organization that is agile, collaborative and high performance...

...the best place to work in Chile, attracting, developing and retaining exceptional people based on merit.

A Digital Bank with Work/Cafés

- Digital products for the non-bankerized populations that seek to part of the bank, receiving merits for the positive financial behaviours (through loans and savings).

- The first 100% digital sight and savings accounts for the mass market. Launched in March 2023.

- Consolidating cash services into the Work/Café Expresso.
- New transaction centers, removing tellers and replacing traditional branches.
- Private spaces for cashier interactions and self-service technology, in a Work/Café environment.
- Greater efficiency in the management of cash.
- Less waiting times.
- Improved customer experience NPS score of 84.

Guidance

2023 guidance:

- Macro assumptions: GDP: -1.0% / UF inflation: 4.3% / Avg. MPR: 10.3%
- Mid-single digit loan growth
- Business segment results & margins growing strongly
- Tighter margins due to delay in reduction of MPR. NIM of ~2.3% with robust client NIMs
- Non-NII growing ~20% led by greater product usage & growth of client base
- Slight uptick in CoR: 1.1%-1.2%
- Negative growth of total costs. Large improvements in productivity

2023 ROE: ~15% with updated inflation and MPR scenarios

LT ROE expectations unaltered: 17%-19%
